The Program gives owners and breeders the opportunity to showcase the potential of their four and five year-old horses while encouraging the breeding and development of top-level event horses for the future. Classes focus on education and preparation of the event horse in a correct and progressive manner.

At Championships, youngsters are asked to complete three sections:

1) Dressage, worth 20% of the final total score
2) Conformation/Type, worth 10% of the final total score
3) Jumping Test/Gallop/General Impression, worth 70% of the final total score

**DRESSAGE**

The dressage phase, unlike a normal dressage test, marks overall collective impression (not by each individual movement). Three correct, elastic and regular gaits through a swinging back are the qualities that judges seek. Young horses should not be marked down for displaying a little exuberance. The judge will have to weigh the influence of the rider; a good rider may present a well-balanced, smooth test on, perhaps, a moderate unscopey horse, while a nocie rider may hinder a food horse from showing its true worth. It is the horse's and not the rider's real potential we are looking for.

**CONFORMATION**

Each horse will be stripped of tack and shown in hand to the judge. Handlers are to stand their horse up in an open stance for inspection by the judge, who will assess conformation and type. The horse is judged on potential for soundness, speed, and stamina. Handlers will be asked to walk and trot the horse in a straight line for soundness and correctness. Color, size and gender should not be a factor in the horse's score.

**JUMPING**

The jumping section looks for a bold, athletic horse with good technique. A horse with these qualities should not necessarily be penalized for knocking down a fence providing he or she learns from the mistake. Four year-old horses will not be penalized for jumping out of the trot. And event horse must be able to jump a bank, ditch, water, or solid fence. Please note that schooling through the water obstacle prior to competition is encouraged.

The USEA Future Event Horse Series (FEH) evaluates the potential of yearlings, 2-year-olds, 3-year-olds and 4-year-olds to become successful upper level event horses. Each age group is judged separately in-hand, and genders within the age group are judged separately when the number of entries allows. The 4-year-olds show their gaits under saddle at qualifer events and compete in a free jump division at the Championships.

---

**JUDGING**

In FEH classes, horses are judged on both their conformation and the quality and correctness of their gaits. Upon entering the arena, their handlers are asked to stand the horses up for inspection to allow the judge to analyze the strengths and weaknesses in their conformation. Then, they are asked to walk a 15-meter triangle, and then trot a 30-meter triangle. Finally, they are asked to stand up one last time for the judge to make their final observations.

There are several main points that a judge will look at during the presentation of a competitor. Firstly, they will look for an event horse "type," meaning a horse that appears naturally structured to become an all-around athlete. They will look at the basic correctness and angulations of the horses' legs and the quality of their feet. Also, they will analyze the conformation as a whole to determine if the horse will be able to stand up to the stresses of eventing. Additionally, the judge will look for the horses' gaits to be basically straight, correct, swinging and uphill.
